

Service package comparison

Each package is a stage of the partnership — **Establish** your differentiation and first AWS relationships, **Scale** the co-sell and funding motion, **Operate** the alliance autonomously and governed.

APN journey

Establish → Scale → Operate: your package advances as your partnership does.

Registered → Select → Advanced → Premier

	Essentials	Most Popular	Enterprise
	Differentiate and get connected. ~3 SEATS	Growth Turn the partnership into revenue. ~10 SEATS + UNLIMITED VIEWERS	Autonomy with an audit trail. UNLIMITED SEATS
CAPABILITY			
READINESS & PLANNING			
Scored readiness assessments with progress deltas	●	●	●
Real AWS tier criteria with auto-measured progress	●	●	●
Tier path simulator (your route to the next APN tier)	●	●	●
Roadmap builder with Gantt, critical path & live reconciliation	●	●	●
Guided onboarding journey & activation checklist	●	●	●
Task management with cross-section handoffs	●	●	●
PROGRAMS & EVIDENCE			
Competency & specialization programs (full lifecycle, incl. submission)	●	●	●
Competency applications with AI-drafted responses (.xlsx in/out)	●	●	●
Evidence locker with program-fit scoring	●	●	●
Case study library	●	●	●
Solutions catalog with renewal-readiness engine	●	●	●
COMMAND CENTER			
Partnership health score & decision queue	●	●	●
Next-best-action recommendations	Core	Cross-domain	Cross-domain
Scenario planner & what-breaks-next outlook	—	—	●
Partnership graph & causality map	—	—	●
Alliance Copilot (conversational AI over your whole partnership)	—	—	●
CO-SELL & REVENUE			
ACE contacts, relationships & co-sell opportunity pipeline (Partner Central sync)	●	●	●
Pipeline management at volume: saved views, hygiene queue, priority scoring, analytics	—	●	●
Rep intelligence & AWS sales-team sync	—	●	●
Deal Desk — funding, MDF, marketplace & AWS team on one screen per deal	—	●	●
Co-sell goals & daily progress tracking	—	●	●
Win/loss insights mined from closed deals	—	●	●
MDF lifecycle, event planner & budget tracking	—	●	●
AWS funding catalog, deal-eligibility matcher & submissions	—	●	●
Marketplace suite: listings, metering, entitlements, billing, PRM	—	●	●
Private offers linked to co-sell deals	—	●	●
REPORTING & INSIGHTS			
Reports with full metric history & comparisons	—	●	●
QBR packet export (print-ready)	—	●	●
MDF-to-revenue ROI attribution	—	●	●
AI narratives: win/loss, executive report & attribution advisor	—	●	●
Monte-Carlo forecasting (pipeline, tier progress, roadmap dates)	—	—	●
Peer benchmarking vs anonymized partner cohorts (opt-in)	●	●	●
AUTOMATION			
Playbooks — rule-based recommendations off your decision queue	—	●	●
Automated playbooks with webhooks & scheduled runs	—	—	●
SECURITY & ADMINISTRATION			
Role-based access (owner, admin, manager, member, viewer)	●	●	●
CSV / JSON export of your data	●	●	●
SAML 2.0 SSO & SCIM provisioning	—	—	●
Audit log, session controls & data-subject request tooling	—	—	●
SUPPORT & SERVICES			
Onboarding	Self-serve	Guided, ~30 days	White-glove + SSO rollout
Ongoing success	Community + office hours	Quarterly success review	Named CSM + alliance advisory
Support	Email	Priority	Priority + SLA

AVAILABLE ADD-ONS

Agency edition — manage client workspaces, per managed workspace (on Enterprise)

Managed Alliance Ops — we run co-sell hygiene, MDF & funding for you

Competency Application Sprint — fixed-scope submission engagement

Data migration — white-glove import
